Letter of Reference for MCI Constructors

To Whom It May Concern:

This letter is intended to help you make choosing your next General Contractor easy. After much frustration with other contractors, a friend recommended I talk to MCI. It turned out to be a great idea.

Green Medical Center is a 20,000 square foot multi-tenant office building. MCI recently completed a major renovation of 5,600 SF of the building for a new tenant, Pediatric Health Choice. This project had a very tight time table and the work was being done for a very demanding tenant. MCI dealt with all of the related issues with true professionalism. They were very conscientious, maintained a clean job site, and meet all job specifications. Most importantly, MCI was on budget and on time; something I have never experienced with any other contractor.

Working with this team of professionals was a pleasure. It goes without saying that I would highly recommend that you consider MCI Constructors for your project. I would not hesitate to employ their services in future projects.

Should you have any specific question, or require additional information, feel free to contact me at 407-808-8641.

Sincerely,

Joe Burns

Managing Partner
